

Business activities

CNC milling operating range up to 2.000 x 1.800 x 1.100 mm
Spindle speed up to 42.000 U/min

EDM operating range up to 1.000 x 1.500 x 700 mm
Dielectric fluid above table 700 mm

Wire EDM operating range up to 750 x 350 x 400 mm

Turned parts starting lot size 1, maximum diameter 1.100 mm

Cylindrical grinding maximum diameter 175 mm

Flat grinding operating range up 1.500 x 800 x 550 mm

Measuring operating range up to 900 x 1.00 x 700 mm

Sawing operating range up to 560 x 560 mm

Laser inscription operating range up to 500 x 380 x 165 mm

Laser welding operating range up to 1.300 x 1.000 x 800 mm

Welding with all common techniques

Abrasive blasting with diverse materials including micro abrasive
